

MEI

Missionary Evangelism, Inc.

Disciple Focused, Christ Centered, and Gospel Driven

God has been at work within our ministry over the past months. We have had missionary interns move on to continue ministry elsewhere. For example, Briana Whatley served at Macedonian Christian Academy as a 7th/8th grade teacher from 2019-2021. She is now serving the Lord as a missionary to a Christian school in Peru.

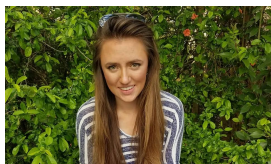

As the Lord has launched some of our own out into further ministry, He has brought others to fill our exact needs. Mr. Art Humphrey moved from North Carolina to serve with MEI as a long-term volunteer. Art has stepped in to help with our

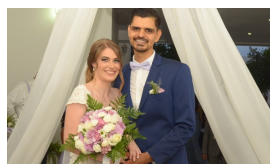

construction and maintenance projects. He has been chipping away at renovations to our intern housing and most recently helped lead a team from Tennessee as they framed another classroom building on our North Campus property.

Equally, God has been at work at Macedonian Christian Academy, a ministry under MEI. MCA's mission is "because of Christ, disciples are made, and families are built". This is a mission that MCA takes seriously, as an organization, from top to bottom. Christ is what drives every decision, classroom, teacher, etc. In May of this year, MCA graduated 11 seniors who are a product of this mission. This year the Lord has blessed MCA with 40+ new students. The school went from an attendance total of 165 to 207 as of the end of September.

MOVED FROM NORTH
CAROLINA WITH HIS
WIFE TO SERVE LONG-
TERM AND HELP WITH
CONSTRUCTION

ARIEL & ROSY
MEI INTERNS
BOTH ARE GRADUATES
FROM RIO GRANDE
BIBLE INSTITUTE AND
WILL BE SERVING WITH
US UNTIL THE SPRING

Because of Christ, Disciples are Made, and Families are Built

The Lord has been so good to bless the school with an amazing staff. Many schools are struggling to fill teaching positions, but that has been the opposite of our story at MCA. All of our staffing positions were filled in record timing. A couple of staff members returned to service at MCA: Elvira Rosas, Pre-Kindergarten Teacher; and Ralph Lara, Janitorial and PE Teacher. We also had many

new staff join our family: Jessica Alba, Second Grade Teacher; Hannah Wychopen, Third Grade Teacher; Elda Puentes, Secondary Spanish Teacher; and Louis Neutze, Seventh and Eighth Grade Teacher.

The Lord showed His continuing provision through the breaking ground of our soccer facilities. The soccer facility project was a part of our spring fundraiser. We look forward to all that God has in store for the rest of the school year! In our next newsletter, look for news on changes we are currently working towards in our missionary intern program.

Finally, as God's work continues, so does the need for people to partner with us in that work. If you, your church, or someone you know would like to serve with MEI in the Rio Grande Valley of Texas, please contact us.

A Note from an MEI Board Member....

When my oldest son was five years old, his school closed down. We began to look for a new Christian school for him and his younger brother. We came across a little school called Macedonian Christian Academy, which was run by MEI. Throughout the last 22 years we have seen how the generous donations and volunteer ministry and labor have impacted MEI and allowed them to expand MCA to the school it is today. I am blessed to have had all three of my boys graduate from MCA with a great Christian Education. My oldest is now a Children's Pastor, while our other two sons serve with their wives in children and youth ministries. I am grateful to all the supporters of MEI for coming alongside my family and countless other families to help us give our children a quality Christian education.

Isauro Medina, MEI Board of Directors
